Amount Paid	(Rs.15,000)
Balance Payable	Rs. 46,574

Terms & Conditions

- Hardware pricing is based on current market rates and supplier quotations at the time of proposal. If the final procurement cost is lower than the allocated hardware amount, the difference will be refunded to the client.
- If the final procurement cost exceeds the allocated hardware budget due to market price changes or specification adjustments, the additional amount must be approved and settled before project continuation. Supporting supplier quotations will be provided for transparency.
- Any third-party licensing, API usage, or service charges imposed by Hikvision or related vendors are not included and will be billed separately if applicable.
- If a dedicated server or cloud hosting service is required for system operation, the associated hosting charges will be billed separately as a monthly recurring cost.
- Civil modifications are excluded.
- Final cable quantity may vary depending on site conditions.
- All supplied hardware carries manufacturer warranty as per supplier terms. Warranty does not cover physical damage, power surges, water exposure, or misuse.
- Stable internet/network connectivity is the responsibility of the client. Any issues caused by network instability are not covered under this agreement.
- The system relies on stable power supply or generator backup. The supplier is not responsible for access interruption caused by power failure.
- Any structural or specification changes requested after project approval may impact pricing and timeline.
- The supplier's total liability under this project shall not exceed the total project value stated in this quotation. The supplier shall not be liable for any indirect, incidental, or consequential losses.
- Full payment is required prior to procurement. Upon confirmation and initiation of hardware purchase or development activities, the payment becomes non-refundable due to supplier commitments and procurement obligations.

ESTIMATED DELIVERY TIMELINE

Project delivery will be completed within 10–12 working days from receipt of payment and procurement of all required hardware.

Any delays caused by supplier stock availability, import lead times, or unforeseen supply chain issues may affect the delivery schedule.
